

BTT Organizes Textile Talent Hunt 2009 Campus Inauguration Ceremony in Textile Campuses

The theme of the Textile Talent Hunt program of Bangladesh Textile Today is to Develop the future textile-garment graduates with the knowledge of techno-trade issues to make them competent and well prepared for the industry. It is in deed a mega event with the textile and garments students of more than twenty universities and institutions. Any Degree and upper level textile-garment student who has completed at least one year or equivalent credits/semester of his Undergraduate course can participate in the competition.

Electrify in revealing your excellence

The competition flow comprises of four steps of talent assessment. Different types of skills of the students will judged with in these steps. The organizer launched the program with campaigning activities in deferent textile garment campuses. With the campus inauguration

ceremony Bangladesh Textile Today organized technical seminar on very in interesting topic. The title of the seminar was "Branding: Creating Sustainable Value through Differentiation in Textiles". For the textile-garment students the presenter Mr. Monowar Hossain Polash has developed the topic. The lecture opened a new era of thinking to the students which helped them in redefining them and also encouraged them to step forward to think big and to think different to be distinctively good in their career. Mr. Monowar is working in a multinational company named Asutex as the country

manager. In the seminar of Ahsanullah University of Science and Technology Prof. Dr. Mustafizur Rahman, Head, Department of Textile Technology was present as the Chairman of the ceremony while Prof. Dr. Anwar Hossain, Vice Chancellor graced the program as the chief guest. In the speech of the chief guest Prof. Hossain was asking his students to participate in the competition and asked the teachers of the textile department to help the students in giving guidelines to do better in the competition. Prof. Mustafiz thanked the organizer to take such an initiative and also praised the key note speaker for his excellent presentation on branding. Students of different semesters of Department of Textile Engineering were present in the seminar along with the honorable teachers. BTT also organized a seminar in Daffodil International University with the same topic to inaugurate TTH 2009 in

Daffodil International University. Honourable Vice Chancellor of DIU Prof. Dr. Aminul Islam was present at the ceremony as the chief guest while Prof. Dr. Mahbubul Hoque Mojumder was present as special guest. Prof. Dr. Mahbubul Hoque, Head, Department of Textile Engineering was presiding over the meeting and also giving a resourceful seminar on Steps to Improve the Export Oriented Textile and RMG Sector of Bangladesh. A.S.M. Tareq Amin, editor & publisher, Bangladesh Textile Today was giving the introduction to the Textile Talent Hunt 2009 to the students and were also mentioning that TTH is for encouraging the students in gathering knowledge out of the academic limits to get proper idea about the contemporary world and technical developments. This program will help them to be competent enough in the dynamic and challenging career market. For

sustainable growth of the industry these talents will play pivotal role in near future, he added. Mr. Tareq also depicted that this is a very important step of establishing a knowledge based textile community which is our ultimate target. The campaigning programs were sheer success with huge participations from the students and the teachers. In DIU chief Prof. Aminul was insisting the students to ensure their participation in Textile Talent Hunt 2009. He asked the teachers to give proper counseling to the students for good result. Honourable vice chancellor declared to provide all necessary supports to the students in doing well in the competition.
